Out of Staters" On Campus Experience "Homing Instinct"

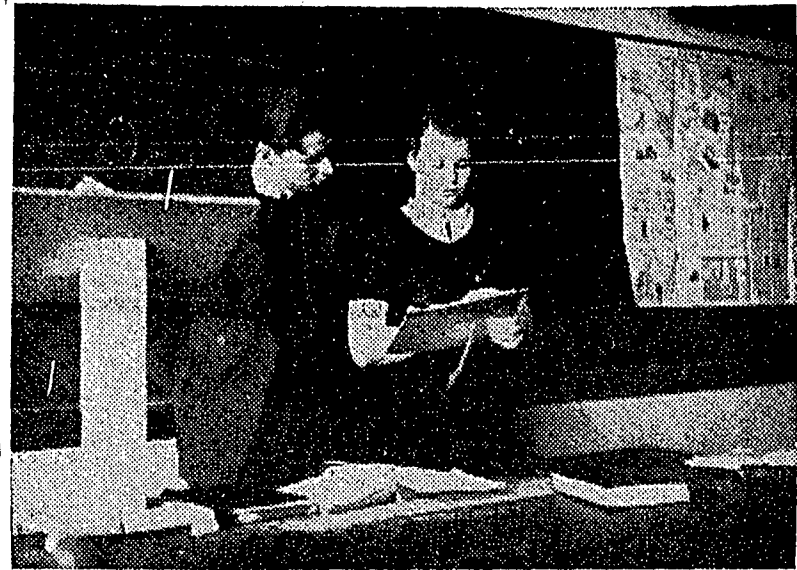

Going Home Provides Glorious Feeling For About 100 Students

By Marjorie McAllister
Loss of the hat and a fling of the hand, we are across the line again," the cry of nearly 100 "out-of-staters." Oddly enough it is a grand and glorious feeling to set foot in the native state. The difference ever so slight is tremendous when it means home-coming.

Already these so-called "furriners" are looking longingly at the calendar, counting the days till Christmas vacation, regardless of the fact they have just recuperated from Thanksgiving.

Why is entering the home state a gala occasion? Is it because mother and Dad are there, brother and sister, or perhaps someone else? The "out-of-stater" merely says, "I don't know what, but just the same it's grand." It admits that Missouri is also a wholesome state. After all the seat of his preferred College it has even brought to him a joy and thrill but still—"It's home state for me."

With all sentiments and emotions aside we come to a conclusive fact in all out-of-state students: There exists a "homing instinct." Times the instinct becomes so potent that it takes their mind from the classroom leading them a mile over the border line. It is that that even after years of

WHILE THE COLLEGE FACULTY was in Kansas City attending the Missouri Teachers Association convention, students conducted classes here. These two students are teaching a social science class.

Scout Service Fraternity Is Now On Campus

Is Organized For Former Boy Scout Workers

Final approval by the College administration was secured this week for the organization of a Scout Service Fraternity, nationally known as Alpha Phi Omega.

This fraternity is purely a service organization and in this sense is distinguished from other campus organizations.

The purpose of the service fraternity is to assemble College men who were formerly active in scouting. The four fields which call for the consideration of the fraternity are: Service to the student body and faculty; to youth and community; to members of the fraternity; to the nation as participating citizens.

Being a service fraternity, Alpha Phi Omega crosses all lines of honor, social, and professional fraternities, and members of other campus organizations may also be active in this fraternity.

There are two fundamental requirements for membership. They are: The student has had previous training in the Boy Scout movement, and that he has an earnest desire to render service to others. Scouts and former Scouts, regardless of rank, are eligible for membership.

A meeting for the purpose of completing the chapter organization of the fraternity will be held Thursday of next week.

A meeting of anyone interested in the service fraternity will be held at 7:30 o'clock next Tuesday in room 225.

NOTICE WOMEN

Next Tuesday afternoon at five o'clock all Freshman and Sophomore girls who intend to be Physical Education majors or minors will meet with Miss Waggoner at the gymnasium. It is very important that everyone be there.

Recommend More Money For State Teachers Colleges

State Officials, Legislators-Elect Attend Conference

More money for the state teachers colleges for personal services and operations has been recommended by those in charge of the 1939-40 state budget, according to W. B. McGreggor, state budget director. McGreggor made this statement before an assembly of legislators-elect and state officials, who met here last Monday to acquaint themselves with the problems of the coming state legislature.

C. O. Roberson, senator from Rock Fort, who was chairman for the day, called upon the representatives of the various state offices to express their views. Tom Douglas spoke for the State Department of Agriculture. It was estimated by those in charge that there were more than forty attending the meeting.

The wives of the legislators-elect and state officials had luncheon in Residence Hall.

President Uel W. Lamkin introduced the representatives, senators and guests from state departments at the turkey dinner held at noon for them at the Country Club by the alumni association of the College.

Students were allowed to sit in on the session and hear the speeches of the legislators.

At the afternoon session of the conference, it was brought out by George Melcher, superintendent of schools, Kansas City, that if retired teachers expect to be assisted by the state, they would be forced to begin early to save for the future.

Speaking from the standpoint of one who has served more than fifty years in the field of education, Mr. Melcher said teachers should be required to put back four per cent of their salary. By the time they reach the age of sixty-five or seventy, an ample annuity will be provided for them with the supplement of state payments.

He suggested teachers be permitted to retire at the age of sixty-two and forced to retire at seventy.

Other speakers at the conference meetings were Dr. H. F. Parker, state health commissioner and Dr. H. A. Beuhler, state geologist.

Holiday Motif Will Reign Supreme At Formal Christmas Ball Dec. 21

Final Get Together of Students Promises to Be Gala Affair

College students will don their top hats, white ties and tails, figuratively speaking, and will swing out in an atmosphere of gaiety and jubilation at the annual all-College formal Christmas Ball to be held in the West Library between the hours of 9 and 1 o'clock Wednesday, December 21.

The spirit of the holiday season will reign supreme at the one all-College formal, for that night is the eve before students leave the campus to spend Christmas vacation at home. It will be the final get-together of students and the faculty before the holidays, and advance information indicates that it will be one grand Christmas party.

All faculty members, as well as students, are invited to attend the annual dance.

Unusual Decorations
When the gay attendants enter the ball room that evening they will find it appropriately decorated in the true Christmas motif, the work of the College art club. Advance information reveals that the decorations for the Christmas Ball will be very unusual.

The Student Senate will continue the Christmas Seal Sale until next Tuesday according to the plans made this week at the regular Senate meeting.

At the meeting last week, Mr. H. T. Phillips and Mr. A. H. "Bert" Cooper, presented the cause of the tuberculosis drive to the Senate.
Mrs. Blanche L. Crawford, the registered nurse in charge of the tuberculosis work in this area, was introduced and gave a short talk. Mrs. Crawford pointed out that the death rate had been reduced from 100 to about fifty-five deaths per 100,000 population in the past ten years.

Explains "Double Cross"
Mrs. Crawford explained that the double cross used by the tuberculosis association signified T. B. prevention and control. She stated that the program was meant to be a program of education rather than medical treatment. Her duty is to seek out cases of infection and advise the proper steps to be taken.

In carrying out the program, it was pointed out that if each student would purchase but ten stamps the entire quota for the school would be filled. The idea of the drive is not so much the returns from the stamp sales but the spirit that is shown and developed in the support of the drive. This spirit makes the entire program more effective and worthwhile.

This year the association presented an exhibit of 22 posters to be used educationally to show the students and the public the true picture of the disease of tuberculosis and how it should be taken care of. This exhibit is a means for the Senate to ask the support of the entire student body in this years seal sale.

Tri Sigs Present Book
At last week's meeting a book, "The First State Normal School in America," The Journals of Cyrus Peirce and Mary Swift, with an introduction by Arthur O. Norton, was "presented to the library of the College by the Alpha Epsilon chapter of Sigma Sigma Sigma, to mark the observance of the centennial in teachers education, 1938-1939."

The Senate also approved last week, the change of the Sigma Mu Delta fraternity to Nu chapter of Phi Sigma Epsilon.

The control of noise in the library and cheating were also discussed and tabled until later.

"At this weeks meetings the judges and challengers for the election to be held on next Monday were appointed and a discussion of voting procedure held. Durwood Maxted, Tabor, Iowa, Francis Stubbs, Amazonia, and Frank Strong and Paul Strohm, Maryville, were appointed a committee to prepare an installation service for the new members of the Senate. Richard Shroot, Calhoun, Francis Stubbs, and Bill Maloy Redding, Iowa will serve on a committee to investigate a longer holiday at Christmas.

O'Neillians Will Present Two Plays In The Auditorium

The O'Neillian Club will present two one-act plays in the College auditorium next Thursday evening, December 15, at 8 o'clock.

The two plays are "The Next War," by Percival Wilde and "Pumped Oak," by Noel Coward.

"The Next War," was originally written in the German by Hans Gross. It has been adapted to the English by Percival Wilde. "Pumped Oak," is a comedy and one of a series of nine one-act plays produced on Broadway under the title of "Tonight At Eight-Thirty."

The cast for "The Next War," includes Ruth and Helen Johnson, Evelyn Eurt, Jo Nell Watts, Barnett Eichenberg, and Florence Abarr. James Hitchcock is serving as the student director for "Pumped Oak." The cast includes Guy Davis, Margaret Kyle, Ruth Morrow and Gwen-dolyn Burch.

Chorus Will Sing Handel's Messiah At Christmas

Catherine Dando And Mrs. Monk Will Be Soloists

One hundred and twenty members of the College chorus, directed by Mr. Paschal Monk, director of music, will sing Handel's oratorio, "The Messiah," on an elaborately decorated auditorium stage, Thursday morning, December 22. The exact hour will be announced later.

The oratorio, which has been given at the College at Christmas time for several years, will be performed in a slightly different manner this year than has been the custom. There will be only two soloists, Miss Catherine Dando, contralto, and Mrs. Elizabeth Monk, soprano. The lines usually sung by the bass and tenor and possibly a few of the usual chorus lines will be read by Dr. J. P. Kelly, head of the speech department.

According to Mr. Monk, there are two advantages to be gained by the new system, cutting short of the program, which is to last only one hour, and increasing the intelligibility of the continuity of the story.
The part of the Messiah which is to be given is the prophecy of the coming of Christ. Mr. Monk stated that the "Messiah" is considered to be without peer as far as oratorios are concerned. It was written in 1741 and first performed in 1742 at Dublin, Ireland. Handel was so inspired when he wrote the work that he completed it in twenty-four days which is rather remarkable.

The College performance will close with the celebrated Hallelujah Chorus, which normally comes at the end of the second part. It has been customary for audiences to stand during the singing of this Chorus since an early performance before a king of England. At that time this king was so impressed that he stood and the remainder of the audience rose with him.

Heal Believes Tower Pictures Are Improvement

All individual pictures for the 1939 Tower, yearbook of the College, have been returned and are being prepared for engraving, it was learned this week from Tower editor, Willis Heal, Kansas City.

According to Heal, the uniformity of size and background is a noted improvement over the pictures used in former annuals. This improvement will add to the appearance of the yearbook, the editor explained.

At present the Tower staff is concerned mainly with mounting the pictures, on cardboard in preparation to sending them to the engraver. Also the staff is now working on grouping of pictures and obtaining information of the different organizations on the campus.

The Christmas Ball is being planned by the student social committee, composed of: Loyd Oliver, Guilford, chairman; Marie Holding, St. Joseph; Henry Turner, King City; Mary Frances Barrock, Maryville; Paul Tracy, Hubbard, Ohio; Edward Bird, Maryville; Rosa Mae Fink, Oregon.

Mr. Dieterich Talks At Church Council

Mr. Herbert Dieterich, principal of the College high school, was one of the speakers at the district meeting of the Nodaway County Council of Religious Education held at the Maryville Christian church, December 4. He spoke on "Remedies for Juvenile Delinquency."

Declaring that since the CCC camps of the country were instituted, Mr. Dieterich pointed out that the average age of criminals has been raised from nineteen to twenty-three years. He added that worthwhile activities are the best preventative of crime. "If a child grows up in a home that is broken or is unhappy, he does not develop respect for law and the idea of working together," he said.

"A child needs a great deal of affection as he grows up. He needs someone to take a personal interest in him. We cannot measure this by tests but it is the most important thing we do in school. The greatest teacher is the one with the warmest heart," he concluded.

Pre Holiday Treat In Store For Many Students When Santa Claus Arrives

College Clubs To Participate In Christmas Parade Next Wednesday

Participation in Santa's Christmas Parade, which will be held in Maryville Wednesday afternoon, December 14, will furnish one of the pre-holiday treats for College students, according to tentative plans announced this week by Mr. Roy Ferguson.

Mr. Ferguson said he hoped the Independent Club would be able to furnish fifty boys to march in costume. The College marching band and the N. Y. A. drum and bugle corps will also participate.

According to present plans a group of College women in ski costumes and the uniformed Green and White Peppers will appear in the show.

If plans materialize the "M" Club members, dressed in their warm-up jackets, will assist the police in controlling the crowds.

Decorated Floats
Other attractions of the parade will be about 200 large paper mache figures showing various characters from comic strips and fairyland. The Maryville High School band and girl's drum and bugle corps and the Maryville drum and bugle corps will also be present. Perhaps there will be decorated floats, Mr. Ferguson added.

Prizes are to be awarded for the best floats and there shall be no undecorated machinery or commercial floats. Finally Santa himself will appear before the public for the first time in 1938.

The business men of Maryville in collaboration with the school officials are planning a stupendous show for both kiddies and grown-ups in the Christmas parade. In 1931 the Primary Council united with the International Kindergarten Association as the Association for Childhood Education, a national organization.

The Association has had the unusual privilege of having as their guests a number of times the national president, Miss Jennie Wahler, the national executive secretary, Miss Mary Leeper and several other well known leaders in Nursery, Kindergarten and Primary education.

There were 43 members and alumni present at the party.

Wayne Crawford Elected as New IRC President

After the business meeting Mr. Hubert Garrett addressed the group. He reported on the conference of the social studies held at Pittsburg, Pa., during Thanksgiving vacation.

Mr. Garrett stated that at the conference it was brought out that social studies serve as the core around which the entire school curriculum is built. He served on a committee which discussed the meeting place and time of the next annual meeting which will probably be held at Cleveland, Ohio.

The next meeting of the Social Science and International Relations Club will be held on December 20. Mr. Sterling Surrey, member of the commerce department, will speak on "Reasons for Anti-Semitism."

THE BAND SWINGS OUT while the Bearcats football team is running up a 65 to 0 score over the Braves from Sioux Falls college, Sioux Falls, S. D., in the final game of the season at the College gridiron. Plainly visible in the top picture are Jean Schneider and Kenneth Tebow—they play trumpet in the band. That's clarinetist Florence Abarr right above Tebow's trumpet. Leslie Somerville, jr., is shown harmonizing with his piccolo, and Eddie Quillin is "um ta taing" on the melophone in the background.
The bass section is shown during a band time-out in the lower left picture. It is comprised of Helen Reed and Charles May. In the other picture it is difficult to ascertain whether Marjorie Perry, "ye society ed," is more interested in the football game or the love-light in Paul Person's eyes. Sergeant Bill Bills, College alumnus, is looking on.

The Stroller . . .

of these Latin sayings lend interest is "Labor omnia vincit" (Latin for "labor conquers"). Labor conquers. If one wanted to, one could go into detail about how one is afraid of labor, but that is not the point. Take this all COME and I'll let you look at Latin. Up, reveal, wasted calling the roll and we are always welcome. However we are kindly requested to bring our own chairs as the rest of the sits on their imagination. The no off-day and the classroom third-one from the right or the one who is standing to be one" as we heard recently are ecially cordially invited.

Going Counter-Wise With The Students' Personal Shopper

Foot-sore and weary, your Personal Shopper has just arrived from taking a census of what's in the stores. And you—I saw you hiding behind your class notes trying to avoid doing your Christmas shopping until the last minute. In the words of The Sage of the Shopping Bureau I warn you, "You'll be sorry." But anyway—

Momentous conclusion: You can hold your head up in the orgy of Christmas shopping if you have had a shampoo and wave-set at the EUGENE BEAUTY SHOP. They can make you look sub-debby or dignified or in-between according to you—and especially at Christmas time you ought to look your very best.

If you need something to inspire you to do your shopping, should drive through the streets at night and take a lingering look at the Christmas lights.

There's room in her stocking for a Yardley's toilet set from the NODAWAY DRUG. All sorts of selections to fit the price you'd want to pay, either in sets or individual articles, such as perfume, soap, bath salts. Add to this a box of Pangborn's chocolates and you will have won yourself the title of the perfect giver.

Thought for class election-time: There's always the individual who will vote however he can disagree with the best people.

You'd better rush up to KIRKHOFFER'S and tell him the initial of the Man On Your List—right now! And that will be another weighty problem disposed of at this trying time.

Suggested project: A "Let's Win-the-Basketball Title" club on the campus.

Subtly guide her in to KOTCHKIN'S, kind Sir, and note how her eyes cling to the beautiful array of dresser sets they have in the show-cases. Laquerred, or mirrored-backs, they certainly would give any dresser a touch of the exclusive. And she couldn't help thinking of you every time she entered her room! She just isn't feminine if she wouldn't fall for a completely-fitted out manœuvre set.

Only thirteen more days to worry until Christmas. Read your Personal Shopper and make it only one.

Bearcats to Meet Baker University In Initial Basketball Contest of Season at STC Next Friday Night

Coach Wilbur Stalcup Puts His Squad Through Stiff Scrimmage Sessions at College Gymnasium During This Week

The first game of Maryville's 1938-39 basketball season will be played here next Friday night between the local Bearcats and the Wildcats of Baker university from Baldwin, Kas. This is the first encounter between these two teams in many years.

Starting line-ups for the game have not been announced. Coach Wilbur Stalcup has seven lettermen and some promising freshman material to use against the orange-clad charges of Coach Emil Liston from the university at Baldwin. No advance dope can be had on the game, for it is the first of the season for both teams.

Baker university is a Methodist school belonging to the Kansas Intercollegiate Athletic Conference. It has been able to turn out winning basketball teams, despite the small enrollment figure of 300 students. Baker was champion of the Kansas conference in 1936 and again in 1937. Last years team, broke a little better than even, winning nine and losing seven.

Several Stiff Scrimmages

Coach Wilbur Stalcup and his assistant, Coach Ryland Milner, this week put the Bearcats through several stiff scrimmage sessions and indications are that the coaching staff may have two or three teams of almost equal strength. Several freshman squad members have been showing up well in the scrimmages, among Fay Lisle and Ivan Schotle of King City, Harold Wiseman of Burlington Junction and Bill Litton of St. Joseph.

The coaching staff will place much faith in his sophomore material this year if scrimmages this week are an indication. Don Johnson, Stanberry, who starred last year while a first-year student, Quentin Goslee, Skidmore, a freshman point guard, Dean Walker, Jackson, a smooth player on any basketball court, and Dale Hackett, Burlington Junction, one of the fastest offensive forwards in Bearcat history, are the sophomore lettermen working out daily at the gymnasium.

Other sophomores who saw some service last year and will be called on in many of the encounters this season are Gale Donahue, Maryville, and Harold Hutchinson of Hopkins. "Steve" Donahue is a shifty little player who ducks thither and yon on the court causing damage with his antics, and "Hutch," a tall lanky individual, keeps his head cool and does something constructive in every critical situation which he faces.

Tallest Center in State
Ike Howell, Thomasville, Ga., has been playing his usual good game from the post and once he gets his hands on the ball he merely holds it straight above his head making it impossible for any opponent to get near it. He is the tallest center in the state, and is a junior.

Bob Rogers, Jackson a junior in the College, is the long-shot artist on the Bearcat team. Persons who saw home games last season will not forget Bob's artistry in sinking shots from well out on the court, and he seems not forgotten that technique even though he put finished a season of playing guard on the football team.

Other juniors who will no doubt see service this winter are Russell and Kenneth Dowell, both of Maryville, and Neil Weary, Calinsville. These men have been scrimmaging this week with the varsity crew and have been showing up well in their activities on the court.

Every Club Stiffer

Other men out for the Bearcats squad include: Virgil Woodside, Independence; Arnold Lasley, Hopkins; John Green, Hopkins; Richard Miller, Farragut, Ia.; Wes McClaren, Jr. Elmo; Milan Boswell, New Point; Willis Raines, Cassville; Harold Hawk; Eldon Andrews, Hopkins; and Gale Sisk, Grant City.

Seniors on the squad this year are Richard Shroat, Calhoun, a consistent point-guard for the Bearcats and Merrill Ostrus, a fast man who finds the center of the hoop every time he gets under the basket. Dick is a returning letter man.

"Every club in the M. I. A. A. circuit will be tougher this year," Coach Stalcup said this week, "and I'd hate to try to predict a conference winner. Springfield, however,

Revive "M" Club At Meeting Here; Irvine is President

Bernau, Baker, Goslee, Hackett are Other Officers

The "M" club at the College was revived at a meeting of the athletes last Friday evening at the gymnasium. The organization had not been active the past several years.

The group decided at its meeting to revise the constitution of the organization and Neil Weary, Calinsville; Bill Bernau, Earlham, Ia.; Quentin Goslee, Skidmore, and Richard Shroat, Calhoun, were chosen as a committee to work on the revision.

Harry Irvine, Fairfax, was elected president of the group. Other officers are: Bill Bernau, vice-president; Frank Baker, St. Joseph, secretary; G. Goslee, treasurer; and Dale Hackett, Burlington Junction, sergeant-at-arms.

Mr. E. A. Davis, chairman of the physical education department of the College, met with the group last week.

The "M" club had its Tower picture taken last Sunday afternoon. Its next meeting will be at 2:30 o'clock Sunday afternoon.

Athletic Director at Arkansas A. and M. Compliments College

Mr. E. A. Davis, director of athletics at the College, recently received a letter from Stewart A. Ferguson who is at present athletic director, chairman of the physical education department and coach of all sports at the Arkansas Agricultural and Mechanical College in Monticello, Ark. In his letter, Mr. Ferguson complimented the College and Mr. Davis for the standing of the local physical education department.

"I am anxious to see what you are doing in physical education," Mr. Ferguson writes. "I believe that you have one of the best staffs in this section of the country and I am certain that you are establishing a department that Missouri will be very proud of."

"I was especially interested to learn that you had Day Weems with you. Several people have asked me about her during the past year—wondering just where she had gone. And your coaching staff looks like the best in the South at the present time. I have been hearing about your football team ever since the beginning of the season. You have certainly won a mighty high place in your development of your entire department. I really believe that you have the foundation up there for the best all-around department of physical education in this part of the country. You have done more in a shorter space of time than anyone else I have ever known of."

Mr. Ferguson told of his football team and said that it was poor in material and wins this year, but "one of the finest I have ever coached in regard to spirit." It was thought earlier in that post-season football game might be played between the Arkansas A. and M. team and the Bearcats.

"Dr. Brown put me on a full time basis at L. S. U. for next summer and assigned me two of the highest graduate courses to teach. I certainly hope that you will find it possible to be with us down there again this summer."

"I have been kept very busy this fall with the following duties: director of athletics, head coach of all sports, head of physical education department, full professor of history with the heaviest teaching load of all the faculty, director of student labor (I have about three hundred students working under me), and doing most of the work on the new student personnel project which is one of the most unique and comprehensive in the South, besides having charge of all the boys' dormitories."

College High In 3 Basketball Games at Elmo High Tonight

College high school will take basketball teams to Elmo tonight to play in three different encounters, it was announced here this week by Mr. H. R. Dieterich, principal. The first and second teams from here will meet the first and second Elmo high teams and the College junior high team will meet Elmo's junior team.

Richard Shroat and Harry Irvine, both seniors in the College, are coaches of the College high school and College junior high school teams respectively.

Although College high has several lettermen back to open their basketball schedule tonight, the boys are greatly handicapped by the lack of experience. However, Coach Shroat hopes to mold a winning team, stating that his boys "show great promise."

Next week-end the Cubs will go to the Skidmore basketball tournament.

Basketeers, House of Burch Win in Opening Games of R. R. Tournament

The annual intramural athletic program got under way with a bang last Monday night when Garrett's "Basketeers" defeated Cox's "Crows" and Calfee's "House of Burch" downed Holt's Phi Sigs.

Mr. E. A. Davis, director of athletics for the College, has charge of the intramural program and has planned as the main feature of the program a round robin basketball tournament. Seventeen teams are entered in the tournament and twelve games a week will be played throughout the winter quarter, making a total of 136 games. At the close of the Round Robin, the six highest ranking teams will engage in an elimination tournament to decide the school championship.

Individual medals will be given as trophies to members of the winning team. Also, according to Mr. Davis, there is a possibility that the winners will receive sweaters or jackets if it can be arranged.

In addition to basketball, intramural competition is planned for devotees of badminton, swimming and ping-pong. Coach Stalcup Schedules Nineteen Basketball Games for '39 Season

Besides Conference Foes, Locals to Meet Baker, Rockhurst, Pittsburg

Nineteen games have been scheduled by Coach Wilbur Stalcup for the coming basketball season. "We are attempting to schedule a game to be played on the local floor sometime January 6," Coach Stalcup said in an interview this week. He said that one game may be played on the Christmas holidays.

The Maryville Bearcats of 1938 basketball season will play their first game Friday, December 9, at the local court. On December 12, they will play Rockhurst College cagers at Rockhurst to meet the Bearcats' second home game.

The local squad goes to Oklahoma City December 27. Remaining four days, they will play in a tournament.

The Pittsburg, Kas. team starts the New Year off right by entertaining the Bearcats, Jan. 2. Coach Stalcup and his team venture to Rolla and Cape Girardeau, Mo., Jan. 9 and 10, respectively, to open the "Cat's" conference. Pittsburg's Gorillas play their home game Monday, Jan. 9. Re-entering the conference, the Maryville five will meet the Kicks from Kansas City on Springfield on January 24. The games will be played away from home.

Maryville meets the visiting Girardeau Indians January 30. The Warrensburg Mules Face the Mules play this return game at the Maryville court.

Traveling to Kansas City on January 7, the local quintet will return game with the Rockhurst team, formerly coached by the late Pat Mason.

The last three games scheduled are home games with conference foes. The Rolla Mine game here on the tenth of January, the Kirksville Bulldogs on January 13, and the Springfield close the scheduled season on January 17.

Rules Interpretation Meeting to be Held At Gym December

Coach Wilbur Stalcup, basketball mentor at the College, week announced that the rules interpretation meeting for school coaches, players and officials in the northwest Missouri circuit will be held at the College gymnasium December 12.

Different types of offensive defensive plays will be demonstrated by the Bearcat squad and Stalcup. Different plays and amendments will be described and explained by some well-known coaches not yet named.

Simpton College of Indiana will not play the local five the evening as was originally planned. However, there will be a game possible to schedule one date of the meeting. "If no is scheduled, there will be an squad scrimmage," Coach Stalcup said.

THE 266 TAXI CO. will offer the six prizes Dec. 24 to those using duplicate numbers. Watch papers for results.

STC Represented At Kansas City Meet By Five Educators

The opening session of a two-day meeting of the coaches and officials of the M. I. A. A. conference took place Friday night in Hotel Muehlebach in Kansas City. A discussion of the coach and his problems was the main topic in the first meeting of the mentors of the conference.

At a luncheon Saturday, officers of the conference were elected as follows: Mr. J. W. Shannon of Springfield, president; Mr. H. R. Dieterich of Maryville, principal of College high school, vice-president; and Mr. G. H. Jamison of Kirksville, secretary. Mr. Jamison has held this position for a number of years.

Last year at a similar meeting a football schedule conference play was worked out and it was supposed to be carried over from year to year, but owing to the dissension on the part of one school this year, the conference schedule has not been completed as yet. A committee was selected to work out this schedule for 1939. F. E. Dennie of Rolla, A. W. Briggs of Springfield, and Abe Stuber of Cape Girardeau compose this committee.

Maryville was represented at this meeting by President Uel W. Lamkin, Coaches Ryland Milner and Wilbur Stalcup, T. C. Reid and H. R. Dieterich.
